BROOKINGS B.E.S.T.

Ramsey Zeller
Student at Brookings High School

A student sitting next to Ramsey in class experienced a serious medical episode. Ramsey reacted swiftly and appropriately by physically helping the student get into a safe position on the ground and also calling 911 for immediate medical attention. The school crisis team was also called immediately but Ramsey already had an EMT on the way within a minute of the medical episode. Ramsey communicated efficiently and calmly to the 911 dispatcher and was extremely helpful in getting the student medical attention. We are very proud of Ramsey!
