Regular School

A school is a public elementary/secondary school that does not focus primarily on career and technical, special, or alternative education, although it may provide these programs in addition to a regular curriculum.

Special Education School

A special education school is an elementary/secondary school that focuses primarily on serving the educational needs of students with disabilities (IDEA) and which adapts curriculum, materials, or instruction for these students.

Virtual School **(Please answer additional questions on page 3.)**

CTE School

A career and technical education school is an elementary/secondary school that focuses primarily on providing secondary students with an occupationally relevant or career-related curriculum, including formal preparation for technical or professional occupations.

Alternative School

An alternative school is a elementary or secondary school that addresses the needs of students that typically cannot be met in a regular school program and is designed to meet the needs of students with academic difficulties, students with discipline problems, or both students with academic difficulties and discipline problems.

*** CHOOSE ONE OF THE FOLLOWING:

Treatment (Drug/Alcohol) Discipline (JDC) Behavioral

PRTF (Psychiatric Residential Treatment Facility)

Program

Program is a special school or program that designed to:

- offer a special curriculum capable of attracting substantial numbers of students of different racial backgrounds; and/or
- provide an academic or social focus on a particular theme (e.g., science/mathematics, performing arts, gifted/talented, or foreign language.)

New Virtual Attendance Center Application

****Complete only if you are adding a new Virtual Attendance Center.****

- ✓ The virtual attendance center must provide evidence it is meeting all the requirements for accreditation.
- ✓ The virtual attendance center must be included in the district improvement plan, or the virtual school must have its own improvement plan. The requirements are found on the following website: <http://doe.sd.gov/oatq/districtaccreditation.aspx>
- ✓ If approved, the virtual attendance center will receive a report card if the school meets the minimum 'n' size. For reporting, schools not meeting the minimum 'n' size will undergo the small or special school audit process.
- ✓ With passage of the Every Student Succeeds Act, high schools with less than 67% graduation rate will be placed into school improvement whether or not the school is serving students with Title I dollars.

1. How many students will be enrolled in the attendance center?

2. Who will deliver the coursework/curriculum? (All online courses/curriculum must either be approved by South Dakota Virtual School or taught by a state certified educator.)
 - Utilize South Dakota Virtual School for all coursework/curriculum
 - Utilize only online coursework/curriculum delivered by state certified teachers for each content area
 - Utilize South Dakota Virtual School for some coursework and state certified teachers for the remaining online coursework/curriculum

3. Will school lunch services be provided? If no, describe why meals will not be provided. (Districts that use federal funds for the school lunch program must make a decision to provide or not provide meals at each attendance center. Offering meals can vary by site for valid reasons.)

School lunch services will not be provided. The students enrolled in the Bobcat Plains Academy will be located in various locations in our district (their homes). They will not attend our brick and mortar attendance centers.

4. What is the district's plan to ensure the school will offer appropriate supports and interventions for all students, including students with disabilities and English language learners?

The Brookings School District will work with the teachers of record for all virtual classes to ensure appropriate supports and interventions are in place for every student enrolled in the BPA. Any necessary interventions and supports will be discussed with the family and teacher prior to the students's enrollment. The principal and district's Director of Social Services will

5. What is the district's plan for ensuring all students in required grades will participate in the statewide summative assessments in English language arts, mathematics, and science?

During the initial consultation meeting, parents will be required to sign a form verifying thier child will participate in all required statewide summative assessments in ELA, math, and science.
